Ski area / Cable cars

Tyrol's skiing area, which was created by joining the ski areas of *Serfaus and Fiss-Ladis*, is an extensive region stretching *between 1,200m and 2,820m* and is far more than just a combination ski pass. For beginners and advanced, and also for families, the array of pistes on the high plateau is ideal: wide pistes with lots of space – including for carving – allow for skiing at all levels.

204 kilometers of piste are just waiting to be discovered!
